

## CHILDREN SAFE UGANDA FEBRUARY 2021 REPORT

Beloved Partners and Friends of CSU,

Greetings to you all, hope you are doing well.

I have the pleasure to share with you this short report on the progress at CSU in the month of February 2021.

The month of February had been indeed a very busy month with a number of activities and events taking place.

Our staff were taken through another phase of book making training which lasted for 2 days. The purpose of these trainings is to empower the staff with skills to be able to manufacture books and perhaps cut on the cost of having to buy them from the open market expensively.

## Repairs

During the same month, several repairs were also done on the facility especially the children's latrines and the dining hall.

## Meetings

Several meetings have been held this month among which included the Board and the AGM plus the weekly staff meetings. In these meetings, members discussed issues regarding the successful implementation of the Ministry of gender standard operating procedures during this Covid-19 new normal

Members of CSU board and Staff during one of the meetings.

## The Annual General Meeting

The first of its kind, the CSU Annual General Meeting was successfully held on the 27<sup>th</sup> February with a participation of 26 members who included members of the executive board, members from various board committees, former children of CSU, community leaders plus a representative of the board of trustees.

Among the activities that dominated this meeting were approval of the various reports from the Board Chairman, Director, Audited report and approval of the 2021 work plan and Budget.

In the pictures are some of the guests who participated in the just concluded AGM.

## WORKING IN THE GARDENS

The staff working with the children have accelerated vegetable planting around CSU compound and in gardens. Among the items planted are the heat resistant vegetable varieties like tomatoes, onions and cabalas

In the pictures are sections of some of the vegetable gardens around CSU compound

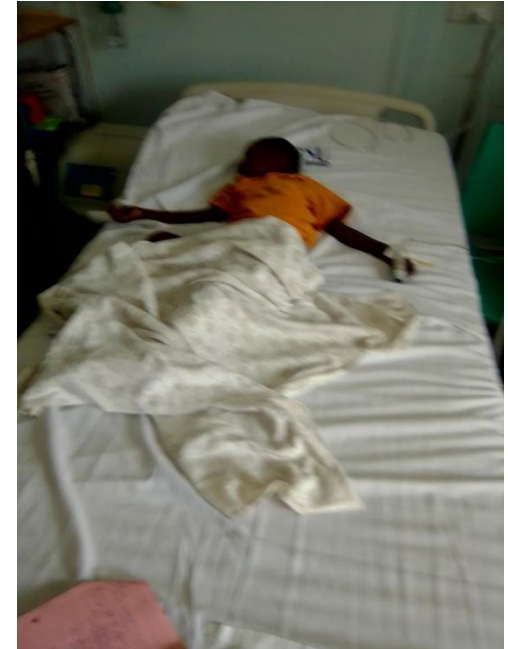

## Obituary

On the 3<sup>rd</sup> February, towards lunch time, BCH staff and children were greeted with news of the death of a one Abimanyi Meshach who had just been transferred from CORSU Hospital to Mulago general referral hospital for comprehensive medical care.

Meshach had in the past two weeks undergone a brief surgery on his left limb which had swollen. Medical reports indicated that he had succumbed to severe anemia.

We are praying that the staff and children get strong and overcome the shock this brought.

## Prayers

- i. Don't hesitate to Pray for Kisekka Christopher's legs.
- ii. Catherine Nabikolo has been quite fine this month and continue praying for her stability.

## Conclusion

Our thoughts and prayers are with you everyday. Again thank you for the great support.

Moses and Team
